

Lovely Geoff posing with his new WHU top!

On behalf of the club, I visited Geoff today. As you can see, he is looking really well and was hugely touched by the card, get well messages and his gifts.

It was lovely to meet Geoff's wife Chris and have some time to chat to them both. I already knew that Geoff has been at RTSC for a long time, but I didn't know it was 36 years! Both of Chris and Geoff's daughters swam for RTSC too. They really are RTSC through to the core!

Geoff is recovering well from his operation and is looking forward to a short break away with Chris to Somerset. Some fresh West Country air will do him the world of good.

Geoff asked me to thank you all **SO** much. He really was very pleased with his gifts, despite West Ham's poor form of late! I am sure the whisky will take the edge off things.

Geoff also asked me to pass a message onto the kids, he said:

"keep training hard and keep up your attendance at your sessions. I am looking forward to being back poolside and seeing the improvements in your swimming when I return."

Wise words Geoff ... I'm sure they'll all listen 😊
